SIR

Adverting to Government order No L 4260-1/A1 142-28-2 dated 11th December 1926 sanctioning the proposals of the Board to grant house-building advances to their officials and to make availabl during the current year a sum of Rs 3 000/- for the purpose by re-appropriation of sanctioned grants in the Budget, I have the honor to state that so far eight applications have been received from the officials for House building advances The amount of advance admissible to them under the Rules aggregates to Rs 5 760/- As all these applicants are badly in need of houses and anxious to construct houses immediately, the Board are of opinion that the whole of the amount they are eligible to get, under the Rules viz Rs 5 760/- may be made available during the current year and paid to them so as to enable them to complete the buildings early A copy of the memo circulated to the Trustees with their opinion in the matter is enclosed for reference

2 In these circumstances I request that you may be so good as to move Government to sanction the allotment of a further sum of Rs 2 760/- during the current year for House-building Advances This will be made available by re-appropriation of sanctioned grants in the Budget

I have the honour to be

Office of the Chairman

City Improvement Trust Board Mysore

22nd January 1929

Memorandum

Some of the officials of the Trust Board who own no houses in the city are very anxious to build dwelling houses with the aid of the House-building Advance sanctioned in Government Order No L 4260-1/M1 142-28-2 dated 13th December 1928 and have applied for advances A statement showing the names of such officials their pay etc is enclosed Out of the 10 applicants Mr C Sreenivasa Iyengar Manager and Mr Appadore Pillay have got lien in Government Departments and as such are entitled to get advances from State Funds The amount of advance admissible to the other 8 applicants aggregates to Rs 5 760/-. But as only Rs 3 000/- is sanctioned for the current year it is proposed to give each of them half of the advance now and the other half in July next after making due provision therefor in the Budget for 1929-1930 The usual practice in granting house-building advances to employees in all Government Departments is to issue half the advance first and withhold the second half until the first half is fully utilised Accordingly all the applications for advances aggregating to Rs 5 760/- may be sanctioned Only Rs 2 880/- will be spent this year

All the applications may I think be accepted As we usually carry forward large balances from year to year I do not think it will be necessary to make any of the applicants wait till the next year for the second half of the advance if he can prove, that the first half is properly utilized much earlier than July next I would accordingly remove the restriction embodied in the last sentence of the memorandum

I agree with Mr Darasha

Sd Mohamed Sait
22 1 1929

I also agree with the above

Sd J F A D'Cruz 22 1 29

The house building advance is to help the houseless poor officials to own houses of their own If the full amount is not made available to them, it is not possible for them to complete the buildings If they have to wait for the other half as recommende in the Memorandum the money that they invest on the buildings will not prove advantageous and the desired object of having a pucca house will not be accomplished I therefore recommend the grant of the full amount in the first instance only for which the office may kindly find a way, say, by reappropriation

Sd K Dhanakotichetty

I agree with Mr Darasha
